THE AWARD-WINNING  
**COMPACT PC**

**FULL-BODY ALUMINIUM ALLOY**

**1080 GRAPHICS**

FEATURING  
**8TH GEN PROCESSORS**

**I M P U L S E V 2**

**TINY YET MIGHTY.**

The AFTERSHOCK Impulse is our award winning ultra small form-factor PC. Despite its tiny size, the Impulse makes no compromise on performance with support for up to the GTX 1080Ti Graphics card. The Impulse eliminates 2 major weaknesses that other small form factor PCs face: it has no LARGE external power brick, and it is also fully upgradable with standard desktop components.

-  **ULTRA SMALL FORM FACTOR**
-  **NO EXTERNAL PSU**
-  **GTX 1080Ti COMPATIBLE**
-  **ALUMINIUM ALLOY CHASSIS**
-  **FULLY UPGRADABLE**
-  **8TH GEN PROCESSOR**

**RECOMMENDED EDITION**

# AEON SERIES

BEAUTIFUL CURVED ALL-IN-ONE

## THE FULLY UPGRADABLE AIO PC

BEAUTIFUL MINIMALIST CHASSIS DESIGN

The Aeon series represents our Flagship ALL-IN-ONE PC range. Featuring a beautiful 54.9" curved display and a PC merged into one, the Aeon delivers full desktop performance with watercooling and standard desktop components for a PC investment that is both powerful and futureproof. 54.9" display bezels, clean design lines and beautiful color reproduction are key hallmarks of our much loved Aeon AIO PC series.

EXTREME ALL-IN-ONE PC

## THE ALL-IN-ONE PC EXPERIENCE

### FULLY UPGRADABLE VALUE AIO

The AfterbhoCK NEXT is our AIO PC that combines a beautiful 32" 144Hz display with a powerful desktop gaming PC, in an extremely clean and sleek form factor. The NEXT overcomes the weakness faced by most all-in-one systems: it is fully upgradeable and uses standard desktop components, making it a future proof system to continuously enjoy the latest tech.
